

TEAR GAS GUNS & PISTOL PYROTECHNIC

ISO 9001:2015 | ISO 14001:2015 | AS 9100 REV. D CERTIFIED

DSA Tear Gas Guns

The DSA Tear Gas Guns are made of high quality steel and are light weight. simple loading/unloading mechanism and parts change procedure makes the operation and maintenance easy. The DSA TGG is an ideal weapon for anti-riot and law enforcement application

The butt stock and grips are made from high impact nylon polymer material.

DSA Pistol Pyrotechnic

It is the modern standard equipment used for coloured signaling. The DSA Pistol pyrotechnic replaces earlier pistols that were heavier and less user friendly in comparison. The DSA Pistol Pyrotechnic is handy with an efficient and easy to use loading mechanism with a built-in safety ring.

The DSA Pistol Pyrotechnic has the following improved features;
Stout positive stop for the pull. Cocking piece re-seating feature.
Thus eliminating any chances of damage to the equipment and injury to the user.

The all-steel design is according to Military Standards and ensures a long service life.

We recommend our Pistol Pyrotechnic to be used with "light weight" signal cartridges manufactured by Wah Industries Ltd., Pakistan
